

About Me

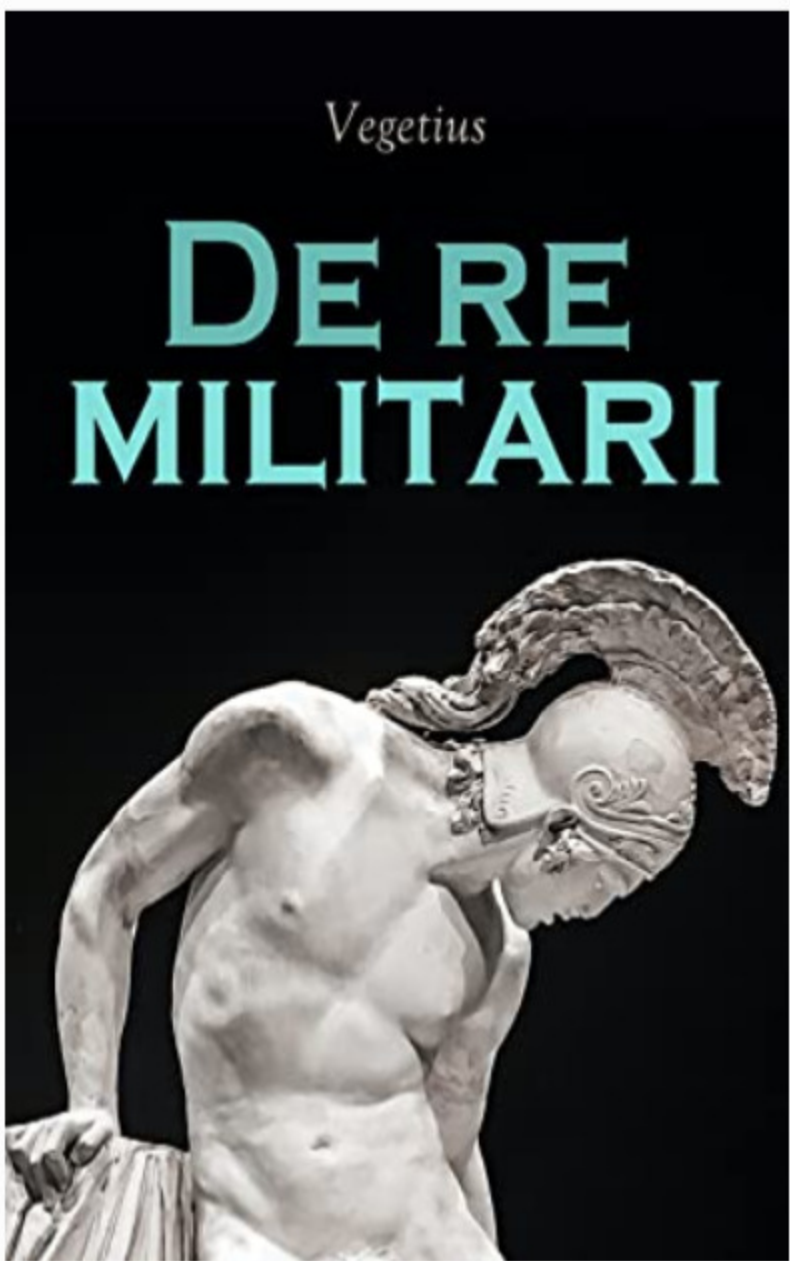

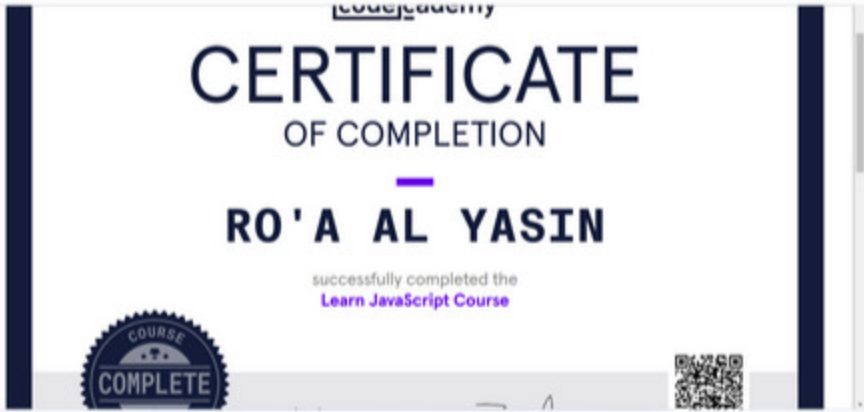

I'm Ro'a Yaseen. I Build Website.

I started studying programming at the end of 2021 on my own through codecademy website for six months, then I was accepted into the Orange Academy for Programming, I can say with confidence that the Orange program was not only a few months, but with many years of experience, through which we learned not only the programming

languages HTML CSS JavaScript PHP React Leravel, but also many important life skills such as time management, dealing with high pressure, teamwork, maintaining work ethics and skills Presentation, very proud of this experience and I believe that I will be a valuable addition to the place I will be in.

I'VE BEEN FEATURED ON...

”

If you want peace, prepare for war

Publius Flavius Vegetius Renatus *Epitoma Rei Militaris*
